2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	2.00	0.80
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	2.00	0.80

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.80	0.10
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.80	0.10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	8.7	4.3
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	1.5	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

School Facility Conditions and Planned Improvements

The school's permanent buildings are approximately 50 years old. In the fall of 2005, the school district completed work on an extensive modernization plan for Holmes that includes interior remodeling, a new data and electrical backbone, accessibility improvements for disabled students, and structural repairs to all existing buildings. Over the last ten years, we also added student and staff bathrooms and replaced the roofs on all original buildings and updated our HAVC systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	69	71	61	61	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our school's annual plan and its budget are approved by our School Site Council, which includes parents, staff, and student members. The plan was approved on April 16, 2023. This year we will be looking for parent volunteers to be part of our PBIS and MTSS committee.

We have an English Language Advisory Committee, an active PTA, a Positive School Climate committee, an active Student leadership class, active ASB officers, and strong music booster groups. We also have many parents volunteer to support our athletic teams. Parents volunteer for curriculum advisory groups such as AIM and Superintendent Advisory. Many also volunteer for site supervision, library assistance, new student orientation, on site field trips, and classroom support. To find out how to volunteer, contact Ellen Shields, Head Counselor.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

2023-24 School Safety Plan

Davis schools place the highest priority on student safety. We review emergency plans frequently and the 23-24 School Safety Plan was approved by the Holmes Site Council on 11/16/2023. Holmes Junior High holds student fire and earthquake drills twice a year as well as annual training on safety procedures with staff. The district's careful use of resources ensures that students have access to clean and safe facilities. Holmes has several campus supervisors who monitor the grounds and address student safety needs. Visitors must check in with the office, sign in and wear a badge identifying their presence on campus. All campus facilities have both phone and intercom access. Each classroom is equipped with an Emergency Kit in a clearly identified location. Holmes Medical Response Team participated in a Project ADAM training and goes through yearly training.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

The school has 1-hour sessions dedicated to professional development each Wednesday for teachers/staff to attend (30 days for 1-hour each). Additionally, sites use portions of their return to school teacher work days for professional development.

Davis Joint Unified School District focuses on professional growth offerings on our mission and objectives. Our focus is given to professional learning that promotes DJUSD goals of 21st Century Teaching and Learning, Closing the Opportunity and Achievement Gaps, and Creating Safe and Inclusive Environments. DJUSD goals also include professional learning structures that support teaching and learning that will build student competencies identified within our Graduate Profile. These areas of focus were developed with wide-scale stakeholder input and are embedded within our Local Control Accountability Plan.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff have opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for dedicated site-based staff collaboration in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade-level/content peers. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning, and in-context learning. Examples of recent Davis Joint Unified School District professional learning include:

- District-wide Training for Universal Design for Learning (UDL) with two Professional Development days in August of 2023 and monthly site trainings with CAST.
- Next Generation Science Standards (NGSS)
- Ethnic Studies Institute to develop and support Ethnic Studies teachers, in addition to Ethnic Studies framework and curricular supports from the UC Davis History Project
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices
- Secondary Summits, where DJUSD staff-led sessions in best practices and promising innovation pilots
- Yolo County Mental Health First Aid
- National Equity Project to support the DJUSD Administrative Leadership Team, students, and staff in developing capacity as equity leaders
- Mindful Schools where each site sent a team to learn mindfulness practices for school settings
- Elementary and Secondary Canvas resource pages
- K-6 formative assessment and personalized curriculum using the i-Ready Diagnostic Assessment platform

Professional Development

- Site developed training (TK – 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff
- NCI training which is nonviolent crisis intervention to address increased behavior challenges. Staff learns how to be proactive in behavioral expectations, de-escalate escalating behavior, and maintain relationships along with safety.
- District-wide professional learning for “Grading for Equity” to support equitable, transparent, and content-focused grading practices.
