## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

MLKHS is a unique learning environment that serves between 50-80 students at any given time. Students enter on a quarterly basis and exit whenever they have met graduation requirements, or return to the comprehensive high school; as a result, MLKHS enrolls approximately 100-140 students over the course of a school year. New students are referred through a Student Study Team (SST) process with the site principal and counselor to determine the appropriateness of placement at King. The school offers a voluntary educational option for high school students who are at least 16 years old and in the 11-12th grade. Tenth grade students who are at least 15.5 may be enrolled on a case by case basis. Students and parents choose King for a variety of reasons such as credit recovery, acceleration, flexible scheduling, a small learning community, one-on-one instruction, and/or to address special needs or circumstances (SPED/ELL). Since its inception in 1970, the school site and facilities, as well as staff, have expanded to better meet the needs for any student who needs an alternative educational route to a diploma.

Martin Luther King, Jr., High School supports the individual student's educational journey toward earning a high school diploma. Our students gain both literacy and career skills, along with the necessary academics required for graduation. We teach vocational and technological skills which will help advance students' ability to succeed in today's job market and post secondary educational settings and beyond. Through a structured and caring educational environment, we strive to cultivate in each student a sense of responsibility and respect for themselves, the community, and the world at large.

Vision, Mission, and Learner Outcomes:

The following were developed by the King staff with input and approval from students and parents. A series of meetings and focus groups were held over the past three years.

Vision: King High's vision is to ensure that every student in our community thrives.

Mission: At King High:

- We care for the whole child by providing them with a safe and welcoming environment, connecting them to resources, addressing their changing needs, and treating them as capable students.
- We expect students to graduate and provide supports by allowing them to earn and recover credits in a variety of ways.
- We aim to ignite confidence in students to reconnect them with their learning.

## 2023-24 School Description and Mission Statement

- We help students to explore post-graduation opportunities.
- We teach students to think and care about something bigger than themselves and to connect to their community.

Student Learner Outcomes: Our students will be Present, Positive, and Productive at school and in their personal, extracurricular, and post-high school lives.

- Present: in their lives, as listeners, with open minds, clear heads
- Positive: they are empathetic, compassionate, kind, hopeful, confident, and can think of something greater than themselves
- Productive: they can learn, they want to continue learning, they can be critical thinkers, they can analyze information, they can apply what they learn to their own lives, they have academic and real-world skills, they are active in their education and their journey towards their goals, they are literate, they are creative, they have a solid foundation in math concepts, they are strong writers and readers, they have a plan for the future

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	33	36	69	67	47	46
<b>Mathematics</b> (grades 3-8 and 11)	0	0	61	61	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 Career Technical Education Programs

All students at King High school are required to meet a 5 credit requirement in Career education. Students investigate their learning and personality styles as well as research careers that match their interests. Students are encouraged to apply for positions that allow them to broaden their outlook of careers. Students are taught how to interview for positions using mock interviews from staff and peers. In 2014, the school held a Career Fair for all students. Professionals from various occupations spoke to students about their career and the pathway to the career. Additionally, students are encouraged to investigate the community colleges in the area. Beginning each January, each senior meets with the counselor and fills out the FAFSA and registers for the community college of their choice. At least once per year, a field trip to the local community college is planned for all interested students.

## 2022-23 Career Technical Education (CTE) Participation

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents/guardians are an important part of King High School. Each year, a back to school night event is held that includes dinner, an open house, and the opportunity for our families to discuss ways to support their students, our school, and each other. Parent representatives serve on the superintendent's parent advisory group, school site council, and are encouraged to serve on various district committees such as DELAC, AIM, and Special Education. Parents are kept abreast of happenings at King by list-serve announcements, Canvas viewing options, and an updated website. Parents are recruited to drive on field trips, and attend other outings in a supervisory capacity. In addition, at least one parent serves on interview committees for incoming staff. We have several parents actively involved in the district-wide LCAP Advisory Board and Superintendent's Advisory Board. We also hold three parent nights a year to highlight relevant topics and introduce new families to our program. Our annual alumni feast has been expanded to include families of current students and those with a strong connection to King, so get to see more involvement with parents/guardians volunteering for and attending that event.

When students enroll at King, they and at least one parent/guardian must attend a mandatory Welcome Night to meet all the staff and learn about our King community. This sets the stage for continued parent contact and involvement.

## C. Engagement

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

## 2023-24 School Safety Plan

School safety begins with a focus on respect for and acceptance of others. The King HS staff monitors language and behavior in classrooms and between classes. King does not have an open campus, and students check in and out at the front office. All visitors enter the building through the front office and identify themselves to the secretary or principal. Emergency kits and safety binders are in all classrooms and are easily identified by their location. The school safety plan is available in the office and the School Site Council (SSC) reviews it every year. Crisis Response Protocol and a site-based Discipline Response Flow Chart are regularly revised to facilitate consistent and effective response to all safety issues and instances of misbehavior. Annual evacuation drills, lock-down drills are conducted to ensure staff and student readiness for all basic emergencies. In addition, the staff has access to all DJUSD personnel with the use radios to the District Office, and emergency cell phone contacts that will alert the administration of situations at King immediately.

## Professional Development

The school has 1-hour sessions dedicated to professional development each Wednesday for teachers/staff to attend (30 days for 1-hour each). Additionally, sites use portions of their return to school teacher work days for professional development.

Davis Joint Unified School District focuses on professional growth offerings on our mission and objectives. Our focus is given to professional learning that promotes DJUSD goals of 21st Century Teaching and Learning, Closing the Opportunity and Achievement Gaps, and Creating Safe and Inclusive Environments. DJUSD goals also include professional learning structures

## Professional Development

that support teaching and learning that will build student competencies identified within our Graduate Profile. These areas of focus were developed with wide-scale stakeholder input and are embedded within our Local Control Accountability Plan.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff have opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for dedicated site-based staff collaboration in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade-level/content peers. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning, and in-context learning. Examples of recent Davis Joint Unified School District professional learning include:

- District-wide Training for Universal Design for Learning (UDL) with two Professional Development days in August of 2023 and monthly site trainings with CAST.
- Next Generation Science Standards (NGSS)
- Ethnic Studies Institute to develop and support Ethnic Studies teachers, in addition to Ethnic Studies framework and curricular supports from the UC Davis History Project
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices
- Secondary Summits, where DJUSD staff-led sessions in best practices and promising innovation pilots
- Yolo County Mental Health First Aid
- National Equity Project to support the DJUSD Administrative Leadership Team, students, and staff in developing capacity as equity leaders
- Mindful Schools where each site sent a team to learn mindfulness practices for school settings
- Elementary and Secondary Canvas resource pages
- K-6 formative assessment and personalized curriculum using the i-Ready Diagnostic Assessment platform
- Site developed training (TK – 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff
- NCI training which is nonviolent crisis intervention to address increased behavior challenges. Staff learns how to be proactive in behavioral expectations, de-escalate escalating behavior, and maintain relationships along with safety.
- District-wide professional learning for “Grading for Equity” to support equitable, transparent, and content-focused grading practices.
