

DJUSD Bond Project at Your Neighborhood School

Dear Neighbor,

Design planning is now underway for the relocation of a portion of the existing preschool programming from the Valley Oak campus to the Korematsu Elementary campus. This movement will provide new opportunities by creating an all new preschool campus at Korematsu Elementary School. These new buildings are tentatively scheduled to be built on the west side of campus, near the parking lot off of Loyola Drive. While two preschool classes will remain at the Valley Oak campus, this new preschool facility construction will increase the total number of DJUSD preschool classrooms by two. Included in this project is a proposed expanded parking lot and student drop-off/pick-up area that would be available to students campus-wide. This Bond project may be completed as early as Fall 2021/Winter 2022.

Find out more about the details, timeline and opportunities for feedback on the Davis Joint Unified School District website at www.djUSD.net/bond. Here you can also view our [Bond calendar](#) and sign up for the monthly DJUSD [Bond e-newsletter](#), *Building Our Future*.

Public Meetings Invitation

Please join the DJUSD Bond Team on Wednesday, February 12, for two meeting opportunities to learn more about the building of the new DJUSD preschool campus at Korematsu Elementary and to share any input or thoughts you may have about this project. If you are unable to make these meetings, questions or concerns about DJUSD Bond Program projects may be directed to our Team at facilityplanning@djUSD.net.

DETAILS FOR MEETINGS
