

DJUSD Bond Project at Your Neighborhood School

Dear Neighbors,

Design planning is now under way for solar implementation at Willett Elementary School. The installation of photovoltaic solar panels is a key step in our effort to expand renewable energy sources in DJUSD and at your neighborhood school site.

Please join the DJUSD Bond Team on Monday, November 13, for two meeting opportunities to hear about these changes and share any input or thoughts you may have about this solar project. Families, staff, neighbors and friends are all invited.
