## **Executive Summary**

The Davis Joint Unified School District formed Davis Joint Unified School District Community Facilities District Number 2 (CFD No. 2) on May 24, 1990 for the purpose of financing new and improved school facilities for students generated by new development within the District. CFD No. 2 was formed after receiving over two-thirds support (on an acreage voting basis) from property owners included within the Community Facilities District. The special tax proceeds from this CFD are being used primarily to finance school construction bonds. To date, eight series of bonds have been issued for an aggregate amount of \$68,830,000. In addition, three Certificates of Participation have been issued totaling \$20,855,000.

The Davis Joint Unified School District has conducted eight annexations of property to CFD No. 2 to date.

This Report summarizes the fiscal year 2023-24 Special Tax, Method of Apportionment, and other related data.

There are currently 4,454 total parcels in CFD No. 2, which includes subdivided, nonsubdivided and tax-exempt parcels. The total annual special tax to be collected within CFD No. 2 for fiscal year 2023-24 is \$3,854,511.09.

Figure 1 – Summary of Special Tax Levies by Year

\*Notes: The total tax and number of special tax units listed are the amounts submitted to the County Auditors (after any revisions for property changes). The total tax amounts reflect low income tax exemptions, as submitted. In order to meet County Auditor submission requirements, the special tax levy for each parcel with a tax amount that is not evenly divisible by 2 is rounded down to the even penny. Therefore, due to this rounding, the total tax listed above does not generally equal the tax units times the tax per STU.

\*\* As of June 30, 2023, 649 Residential parcels have fulfilled their special tax obligation.

Figure 2 – Development Detail by Year

Note: The developed residential square footage numbers include properties that have qualified for a low income tax exemption.

The total developed residential square footage was lower in 2015-16 than in the previous year due to the County's reclassification of one parcel from residential status to commercial. In 2014-15 and 2017-18 the total developed commercial/industrial square footage was lower than in the previous year due to building permit adjustments.

As of June 30, 2023, 649 Residential parcels have fulfilled their special tax obligation.

# Delinquencies

As shown in Figure 8, delinquencies for CFD No. 2 were 0.46% of total special taxes levied for 2022-23 special taxes levied for parcels in Yolo County. The District participates in the "Teeter Plan" with the County of Yolo whereby the County pays all delinquent special taxes to the District and in return the County institutes collection proceedings and, when collected, keeps all delinquent payments with interest and penalties. This plan allows the District to maintain reliable special tax revenues and reduces the cost of collection.

The District reviews the County of Yolo Tax Collector's public records annually by June 30 to determine the amount of special tax revenues and delinquencies during the fiscal year. If the amount of collections is less than 95% of the amount of special tax levy in such fiscal year, the School District has covenanted with bondholders to institute foreclosure proceedings not later than October 31 to enforce the lien against delinquent installments. The District is also obligated to institute foreclosure proceedings in the case of a single property owner who is delinquent by more than \$25,000.

# **Administration of Community Facilities District**

### **General Administrative Requirements**

The Mello-Roos Community Facilities District Act of 1982 (the Act) requires that a Special Tax Report be prepared annually to identify the Special Tax Rate for all parcels to be assessed in the upcoming fiscal year. The levy data must subsequently be filed with the County Auditor prior to the second Tuesday in August for inclusion on property tax bills.

After submission of the Special Tax levies, the final levies should be confirmed with the County Auditor prior to the preparation of tax bills, which typically occurs in October. The Special Tax is collected in two equal installments on the tax bills that are due on December 10 and April 10.

### **Delinquency Procedures**

As noted, the District is participating in the County of Yolo Teeter Plan, so the delinquent revenues are prepaid by the County. The delinquency rate for the 2022-23 special tax levies was 0.46% for Yolo County. Since no property owner is currently delinquent by an amount in excess of \$25,000, and the delinquency rate on the special taxes is below the 5% threshold the bond covenants, there is no requirement to commence foreclosure proceedings at this time. Moreover, the special taxes are anticipated to remain on the Teeter Plan.

## Notices of Special Tax Lien

The Act states "For purposes of enabling sellers of real property subject to the levy of special taxes to satisfy the notice requirements of subdivision (b) of Section 1102.6 of the Civil Code, the designated office, department, or bureau shall furnish a Notice of Special Tax to any individual requesting the notice or any owner of property subject to a special tax levied by the local agency within five working days of receiving a request for such notice. The local agency may charge a reasonable fee for this service not to exceed ten dollars." A copy of this notice is included in Appendix B of this Report.

In addition, any developer, subdivider or his or her agent or representative shall not sell, or lease any property subject to the Special Tax until the prospective purchaser or lessee has been furnished with and signed a written notice of special tax lien similar to that shown in Appendix B of this Report.

The Special Tax may not be imposed on the reconstruction of any structure damaged or destroyed as a result of a disaster (fire, earthquake, landslide, mudslide, flood, tidal wave or other unforeseen event that produces material damage or loss) except to the extent the square footage of the reconstructed structure exceeds the square footage of the structure damaged or destroyed.

II. <u>Classification of Property and Assignment of Tax</u>.

5

- A. At the beginning of each Fiscal Year, beginning in 1990 -91, the District shall cause each Assessor's Parcel in CFD No. 2 to be classified as Residential Property, Commercial Property or Use, Industrial Property or Use, or Tax-Exempt Property.
- B. At the time taxes are levied each Fiscal Year, the Board shall determine the Escalation Rate that will be applied to the prior Fiscal Year's Special Tax Rate. The resultant compounded rate will be applied to properties first becoming subject to the Special Tax during the current Fiscal Year.
- C. At the beginning of each Fiscal Year, beginning in 1990-91, the District shall cause the Special Tax to be apportioned and levied in CFD No. 2 as follows:
  - (1) For Tax-Exempt Property no Special Tax shall be apportioned or levied.
  - (2) All other parcels will be assigned the Special Tax as compounded by the Escalation Rate, in effect for the Fiscal Year following the Fiscal Year in which a building permit has been issued for the parcel or, in the event no building permit is required, is otherwise approved for a use subject to the Special Tax. A parcel receiving a building permit, or approved for a use not requiring a building permit, after June 1 shall be treated as if the permit or use were not received or approved until July 1. The tax rate shall then remain constant and not escalate further for those parcels. Parcels first becoming subject to tax in subsequent Fiscal Years will then be taxed at a rate higher than similarly classified parcels first taxed in previous Fiscal Years.

(a) For each Residential Property, the Special Tax shall be the Special Tax-Residential in effect the Fiscal Year the Special Tax is first apportioned and levied on that property.

(b) For each Commercial Property or Use, or Industrial Property or Use, the Special Tax shall be the Special Tax-Commercial or Industrial in effect the Fiscal Year the Special Tax is first apportioned and levied on that property.

(3) Parcels changing classification after assignment of the Special Tax, shall pay the highest potential Special Tax.

- (2) If property not otherwise exempt from a special tax levied to this chapter is acquired by a public entity other than the District through a negotiated transaction, or by gift or devise, the special tax shall, notwithstanding Section 53340, continue to be levied on the property acquired and shall be enforceable against the public entity that acquired the property.
